## DETAILED ACTION

### *Election/Restrictions*

1. Claims 1-6 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected group, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on February 14, 2005.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 8-10 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. 5,276,132 (Nishikawa et al) as per reasons of record.

### *Response to Arguments*

4. Applicant's arguments filed July 6, 2005 have been fully considered but they are not persuasive.

It is maintained that Nishikawa et al discloses polyimide resins falling within the scope of the present claims. Patentees' polyimide is obtained by a polymerization reaction of a tetracarboxylic anhydride of formula (I), reading on applicants' tetracarboxylic anhydride, and a diamine of formula (II), encompassing applicants' diamine derivative. In this regard, it is noted that patentees' diamine of formula (II) as defined when R<sub>3</sub> comprises –O– (ether linkage) and R<sub>4</sub> comprises a cholesterol derived radical, corresponds to applicants' claimed diamine derivative.

Art Unit: 1711

Exemplary polyimides, falling within the scope of the present claims, are disclosed in examples 17-18, etc.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
